Financial Assistance

It is our position at the YMCA of Central Massachusetts that all of our membership, childcare and program services will be accessible to any person regardless of age, income, race or religion. In those cases where the cost of our membership or programming is out of reach of the individual or family, we will offer financial assistance based on need through our Y Access Pricing Program.

Y Access Pricing Program

Our Y is here for everyone in our community. To ensure every person and family can afford a membership to the Y, we offer a scale of monthly membership dues based on your income and household size. Please use the chart below to see an estimated amount of what you would pay monthly for a membership. Documentation of household income is required for Y Access Pricing.

Please contact your local branch Welcome Center for application forms and more information, or visit us online at: www.ymcaofcm.org/y-access-pricing.
