ARRIVAL AND DEPARTURE

PROCEDURES

All campers must be signed in and out daily. Any person picking up a camper must **present an ID and be listed on the child's registration form.** If all of these criteria are not met, campers will not be released to any person. No child will be permitted to leave the care of the YMCA without a parent, guardian, or other authorized individual.

If at any point during the summer you find that there needs to be an addition or removal to your pickup list, it is your responsibility to do so in writing. Forms can be found at the Montachusett Branch YMCA, Camp Lowe Main Office, or Camp sign-in or out. All changes must be completed in writing, including date in which you would like the person to be added or removed, their legal name and your signature and date. Any forms that are not completed in their entirety will not be accepted as a notice of removal or addition. If for some reason you are needing to take a custodial parent off of your camper's pickup list, it is required that we also receive legal documentation to verify that this is part of the new terms of your custody agreement as we can not withhold a child from their custodial guardian.

TRANSPORTATION

Transportation is available from the YMCA in Fitchburg. Buses are rented through First Student and in addition to the bus driver will also have staff on the bus. The bus company ensures all bus drivers are properly licensed and trained. To use the bus an additional \$100 per week for AM & PM is applied to your weekly fee. If you have any concerns about transportation please report them to the Camp Director as soon as possible .

BUS SCHEDULE AND STOPS

Location	Pick Up	Drop Off

If you are there before this time and the bus is not yet at your pickup location by the end time, please give a couple of minutes, as there have been times, when due to traffic, buses are a couple of minutes late. If you are late for a drop off time, the bus will not be able to wait, and at the cut off (or pull away time) the bus will depart and you will have to pick up your camper from the YMCA at 55 Wallace Ave in Fitchburg.

FOCUS ON SOCIAL RESPONSIBILITY

Whether developing skills or emotional well-being through education and training, welcoming and connecting diverse the demographic populations through global services, or preventing chronic disease and building healthier communities through collaborations with policymakers, the Y fosters the care and respect all people need and deserve.

CAMP LOWE CHARACTER CODE

With our mission and belief of the YMCA in mind, Camp Lowe has a character code which outlines the expectations of camper behavior which will be reinforced at camp. We do ask that you review this with your camper before they attend Camp Lowe and would recommend viewing it through out the summer.

1. Treat myself, others, and camp with Respect.
2. Be responsible for my things and take responsibility for my actions
3. Be honest at all times , even when its tough
4. Show others that I care and take care of myself
5. Be safe

Staff will refer to the character code through out the day to ensure that all campers have access to a fun and safe camp experience. Campers that are not following the character code will be pulled aside to talk about better decisions and next steps. Campers continuously acting outside the character code can be terminated.

CHILD PROTECTION

YMCA of the USA Code of Conduct for YMCA Staff and Volunteers

To protect YMCA program participants, staff, and volunteers, the YMCA of the USA prohibits employees and volunteers to be alone with a single child where he or she cannot be readily observed by others. As staff supervise children, they should position themselves in such a way that other staff can see them.

Staff shall never leave a child unsupervised. Staff shall not abuse children in any way, including:

- Physical Abuse - Striking, spanking, shaking, slapping...
- Verbal Abuse - Humiliating, degrading, threatening...
- Sexual Abuse - Touching, or speaking inappropriately
- Mental Abuse - Shaming, withholding kindness, being cruel...

Neglect - Withholding food, water, or basic care.

No type of abuse will be tolerated and will result in immediate dismissal if substantiated.

Staff must use positive techniques of guidance including redirection, positive reinforcement & encouragement rather than competition, comparison, criticism. Staff will have age appropriate expectations and set up guidelines and environments that minimize the need for discipline.

Staff are not to be alone with children the meet in YMCA programs outside of the YMCA. This includes babysitting, sleepovers, driving or riding in vehicles and inviting children to their homes. Any exceptions require a written explanation before the fact and are subject to the approval of the YMCA administration.

Staff will act as positive role models for youth by maintaining an attitude of loyalty, patience courtesy, tact and maturity. Staff will act in a caring honest and respectful manner consistent with the mission of the YMCA.

Under no circumstances shall staff release children to anyone other than the authorized parent or guardian or authorized adult as granted by the parent.

CHILD PROTECTION

CHILD'S PERSONAL RIGHTS

Each person receiving services from a YMCA camp program shall have rights, which include but are not limited to the following:

- To be treated with dignity in his or her personal relationship with staff and other persons
- To be accorded safety, healthful and comfortable accommodations furnishing and equipment to meet his or her needs
- To be free from corporal or unusual punishment, infliction of pain humiliation, intimidation, ridicule, coercion, threats, mental abuse, or other actions of a punitive nature including but not limited to interference with the daily living functions, such as eating, sleeping, toileting, or withholding of shelter, clothing, food or medication.

STAFF/VOLUNTEER BABYSITTING POLICY

The YMCA of Central Massachusetts takes child abuse prevention very seriously. The following policy applies to all YMCA staff and volunteers: YMCA staff and volunteers are not allowed to be alone outside of the YMCA with children they meet in YMCA programs. This includes babysitting, sleepovers, and inviting children into their homes. Any exceptions require written explanation and administrator approval before the fact.

Under no circumstances should a parent/guardian approach another child other than their own.

While on YMCA property parents are expected to act appropriately by speaking in an appropriate tone using appropriate language at all times. Any parent who behaves in this manner will be asked to leave the facility and their child's space in camp can be forfeited without a refund of fees paid.

.

UNRECOGNIZED PERSONS ON CAMP GROUND

Our Camp is located on its own land and therefore we prohibit persons outside our staff and camper community from entering camp during camp hours. In the event an unknown or unwelcome visitor is present, counselors will address the unrecognized person while alerting the camp director. Counselors will immediately ask the person why they are present and relay this to the camp director upon their arrival. The person will be directed to check in at the office and if they are not able to be on the premises will be required to leave.

CUSTODY ISSUES

It is the YMCA's intent to meet the needs of children especially when the parents may be experiencing difficult situations such as a divorce, separation, or remarriage. However, the YMCA cannot legally restrict the non-custodial parent from visiting the child, reviewing the child's records, or picking the child up unless the Camp has been furnished with current legal documents. Copies of these court documents must be kept in the child's file.

PARENT FEEDBACK

We always welcome parent feedback to help improve our program and meet the needs of all campers. To give feedback please call or email the camp director or assistant camp director. Contact information can be found at the end of the booklet.

PARENT/GUARDIAN VISITS

Parents and guardians are welcome to visit our program during our hours of operation. We do ask for notice and ask that when you arrive to camp that you go immediately to the office to check in and get a visitor pass.

CHILD PROTECTION

ZERO TOLERANCE POLICY FOR BULLYING

Every person at YMCA Summer Camp deserves to feel respected, safe, and valued. Bullying is behavior that undermines this right. To protect this right for all campers and leaders at our camp, we do not tolerate the intimidation, persecution, or intentional exclusion of any participant by any person.

We have taken a proactive approach to preventing and addressing the problem of bullying:

We work to instill the YMCA character values of caring, honesty, respect and responsibility in all participants and staff. We expect these values to be demonstrated in all interactions between campers, volunteers, parents, and staff.

We encourage children to tell an adult if they feel unsafe or uncomfortable as a result of another participant's words or actions.

We handle incidents of bullying as a serious threat to the health, safety, and well-being of others. Enrollment will be terminated for participants with repeated incidences of bullying.

Parents/guardians are encouraged to inform the Camp Director immediately if they feel their child is being bullied at camp.

SUSPECTED CHILD ABUSE POLICY

When a YMCA staff person sees signs of possible child abuse or neglect the following steps will be taken:

The staff member immediately informs the Camp Director. The Camp Director will then inform the Sr. Program Director, who will inform the Executive Director;

The staff person will complete an incident report detailing the suspected abuse or neglect. The report will be submitted to the Administrator within 24 hours of the incident.

The Sr. Program Director will review and evaluate the situation;

The Sr. Program Director, or Executive Director, will call the Department of Social Services (DCF)

The completed incident report will be submitted to DCF within 48 hours of the initial phone call.

If a 51A is filed the Board of Health and the Department of Public Health will be notified.

If a YMCA staff member is suspected of child abuse or neglect, the following steps will be taken:

1. The staff member will be put on paid administrative leave until investigations by the YMCA and the DCF are completed;
2. If the staff member is found to be at fault, he/she will be terminated immediately.

Meningococcal Disease and Camp Attendees: Commonly Asked Questions

What is meningococcal disease?

Meningococcal disease is caused by infection with bacteria called *Neisseria meningitidis*. These bacteria can infect the tissue (the "meninges") that surrounds the brain and spinal cord and cause meningitis, or they may infect the blood or other organs of the body. Symptoms of meningococcal disease can include fever, severe and constant headache, stiff neck or neck pain, nausea and vomiting, and rash. In the US, about 350-550 people get meningococcal disease each year and 10-15% die despite receiving antibiotic treatment. Of those who survive, about 10-20% may lose limbs, become hard of hearing or deaf, have problems with their nervous system, including long term neurologic problems, or have seizures or strokes.

How is meningococcal disease spread?

These bacteria are passed from person-to-person through saliva (spit). You must be in close contact with an infected person's saliva in order for the bacteria to spread. Close contact includes activities such as kissing, sharing water bottles, sharing eating/drinking utensils or sharing cigarettes with someone who is infected; or being within 3-6 feet of someone who is infected and is coughing and sneezing.

Who is most at risk for getting meningococcal disease?

People who travel to certain parts of the world where the disease is very common, microbiologists, people with HIV infection and those exposed to meningococcal disease during an outbreak are at risk for meningococcal disease. Children and adults with damaged or removed spleens or persistent complement component deficiency (an inherited immune disorder) are at risk. Adolescents, and people who live in certain settings such as college freshmen living in dormitories and military recruits are at greater risk of disease from some of the serotypes.

Are camp attendees at increased risk for meningococcal disease?

Children attending day or residential camps are **not** considered to be at an increased risk for meningococcal disease because of their participation.

Is there a vaccine against meningococcal disease?

Yes, there are 2 different meningococcal vaccines. Quadrivalent meningococcal conjugate vaccine (Menactra and Menveo) protects against 4 serotypes (A, C, W and Y) of meningococcal disease. Meningococcal serogroup B vaccine (Bexsero and Trumenba) protects against serogroup B meningococcal disease, for age 10 and older.

Should my child or adolescent receive meningococcal vaccine?

That depends. Meningococcal conjugate vaccine (Menactra and Menveo) is routinely recommended at age 11-12 years with a booster at age 16. In addition, this vaccine may be recommended for children with certain high-risk health conditions, such as those described above. Otherwise, meningococcal vaccine is **not** recommended for attendance at camps.

Meningococcal serogroup B vaccine (Bexsero and Trumenba) is recommended for people with certain relatively rare high-risk health conditions (examples: persons with a damaged spleen or whose spleen has been removed, those with persistent complement component deficiency (an inherited disorder), and people who may have been exposed during an outbreak). Adolescents and young adults (16 through 23 years of age) who do not have high risk conditions **may** be vaccinated with a serogroup B meningococcal vaccine, preferably at 16 through 18 years of age, to provide short term protection for most strains of serogroup B meningococcal disease. Parents of adolescents and children who are at higher risk of infection, because of certain medical conditions or other circumstances, should discuss vaccination with their child's healthcare provider.

How can I protect my child or adolescent from getting meningococcal disease?

The best protection against meningococcal disease and many other infectious diseases is thorough and frequent handwashing, respiratory hygiene and cough etiquette. Individuals should:

- wash their hands often, especially after using the toilet and before eating or preparing food (hands should be washed with soap and water or an alcohol-based hand gel or rub may be used if hands are not visibly dirty);

- cover their nose and mouth with a tissue when coughing or sneezing and discard the tissue in a trash can; or if they don't have a tissue, cough or sneeze into their upper sleeve.

- not share food, drinks or eating utensils with other people, especially if they are ill.

- contact their healthcare provider immediately if they have symptoms of meningitis.

If your child is exposed to someone with meningococcal disease, antibiotics may be recommended to keep your child from getting sick.

You can obtain more information about meningococcal disease or vaccination from your healthcare provider, your local Board of Health (listed in the phone book under government), or the Massachusetts Department of Public Health Division of Epidemiology and Immunization at (617) 983-6800 or on the MDPH website at www.mass.gov/dph.
